

GENESIS™

Ink Jet Printer Series

SingleLine™
Large Character

Compact • Full Featured • Affordable

Genesis SingleLine is a complete large character ink jet printing system in an affordable compact package. With the versatile hand adjustable bracket, it is easily moved from line to line.

Ready to install

Genesis only needs an AC power source and it is ready to print - even the product detector is built-in.

Easy-to-use software

The simple keypad with prompts in different languages and the four-line, sixteen character per line LCD display, assure quick, easy data entry and editing.

No mess ink supply

The non-CFC pressurized ink cartridge locks in place to eliminate spillage and assure complete ink consumption for economical, environmentally-friendly operation.

Optimized print quality

Keypad control of drop size compensates for variations in material finish. Optimum print quality reflects your product quality.

Quick and easy installation

Font selection

Choose from 1/2" (12.7 mm) high, 3/4" (19 mm) high, or 3/4" (19 mm) high bold characters at the touch of a key.

GENESIS
